

Good Neighbour Scheme Questionnaire

Are there any small jobs you need help with that you cannot do yourself? For example: small household jobs, tidying the garden, walking the dog, shopping, writing a letter or a lift to the hospital?

We all face difficulties like this at some time and we do not always like to ask for help. The good news is that a Good Neighbour Scheme is being considered for your village. The Good Neighbour Scheme will link those in need of a 'helping hand' with local volunteers willing to donate time and services. Volunteers would be fully supported and only expected to offer time they can spare for services they are happy to carry out. You are invited to complete the short questionnaire:

PART A – whether you may want to use the scheme at some time.

PART B – and / or whether you could volunteer a few hours to help.

How the scheme works

- Every person in your village has the telephone number of the scheme and can call for help of the kind mentioned
- Each call is matched to an appropriate volunteer who has agreed to help in one or more of the ways listed.

When you have completed the questionnaire, you can leave it at the collection box at the [location] by the [date]. We will knock on your door in case you have been unable to deliver it and we will come back to you with the results of the survey by the [date]. THANK YOU.

Good Neighbour Scheme Questionnaire
